PATENT

REMARKS

By this Fourth Preliminary Amendment, Applicant has made minor amendments to the specification and the pending claims and has added new claims 64 - 124. The specification is amended to recite the patent number in paragraph No. [0001] of the parent patent application and to add a comma after "acceleration" in line 7 of original paragraph No. [0020]. New claims 64 - 124 are of a different scope than claims 1 - 63 for more adequately protecting the scope of the present invention.

A favorable action on the merits of the now pending claims 1 - 124 is respectfully requested.

Respectfully submitted,

Fulbright & Jaworski L.L.P.
